Pattern Test

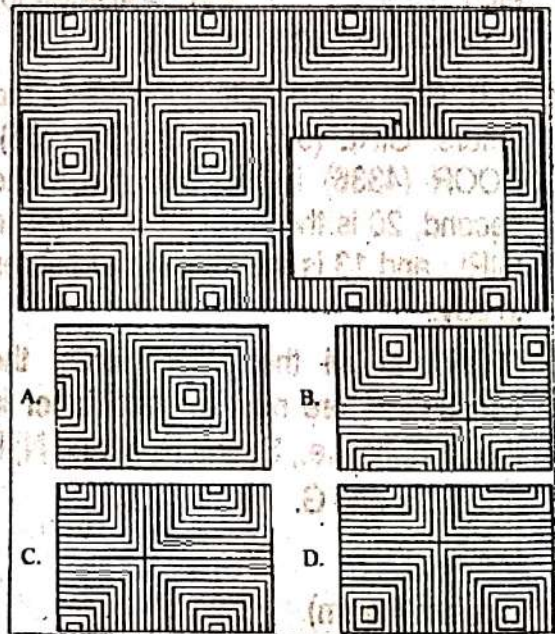

Pattern test is a simple form of non verbal test in which a pattern is given and a portion of it is missing. The student is required to find the missing portion from the four or six choices given below. The missing portion of the problem pattern is also present in the given choices. To solve this problem, the student is required to examine the given pattern carefully and see all the angles of the design and then select the right answer from the given choices:

EXAMPLE NO.1

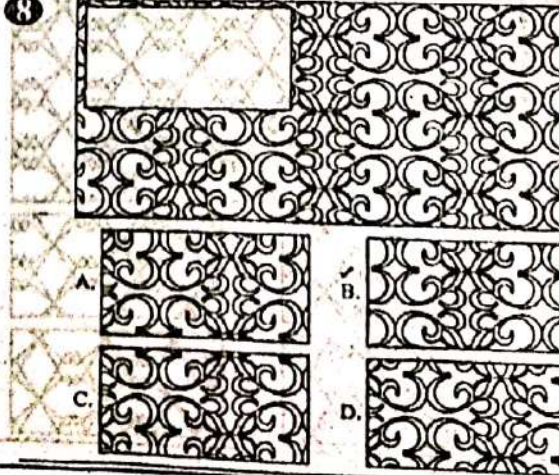

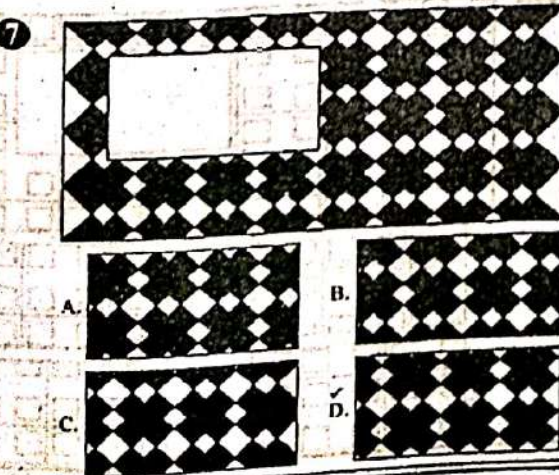

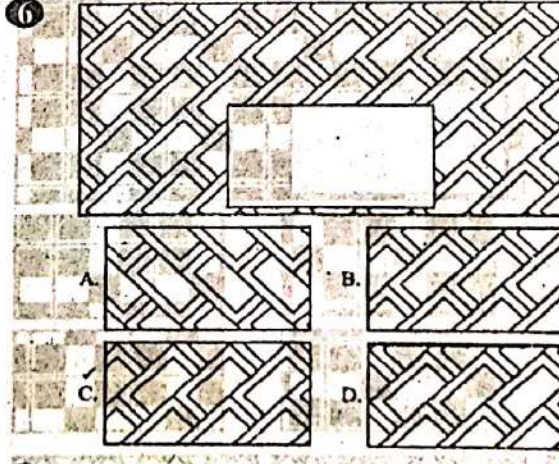

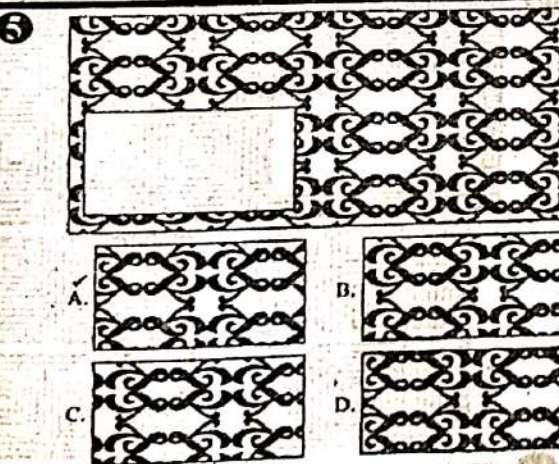

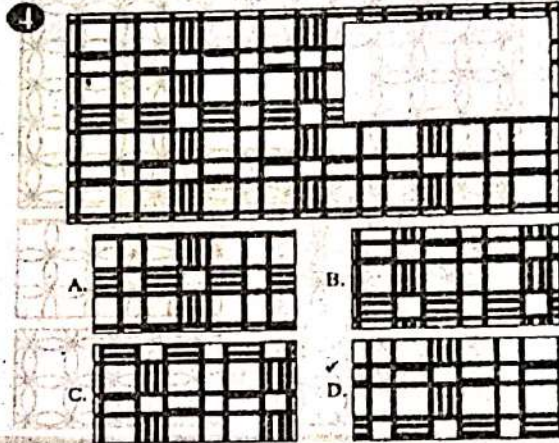

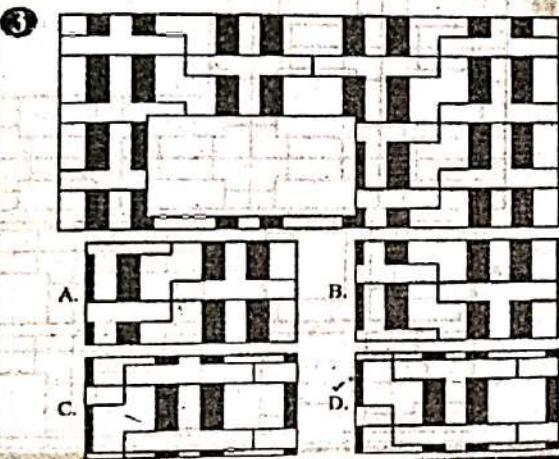

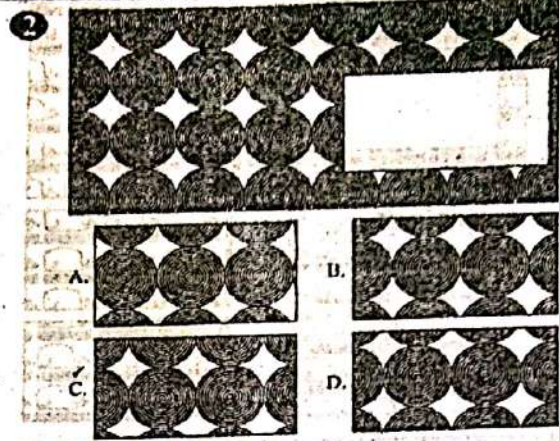

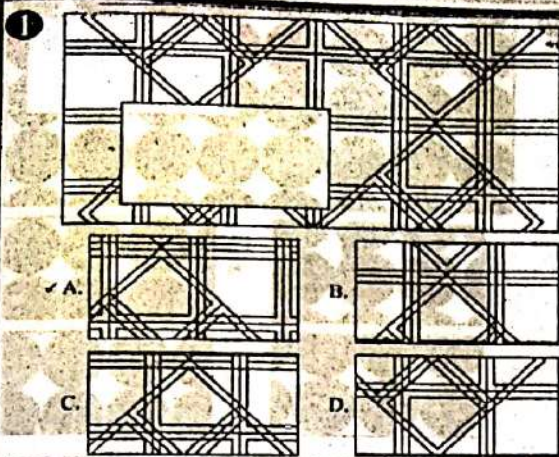

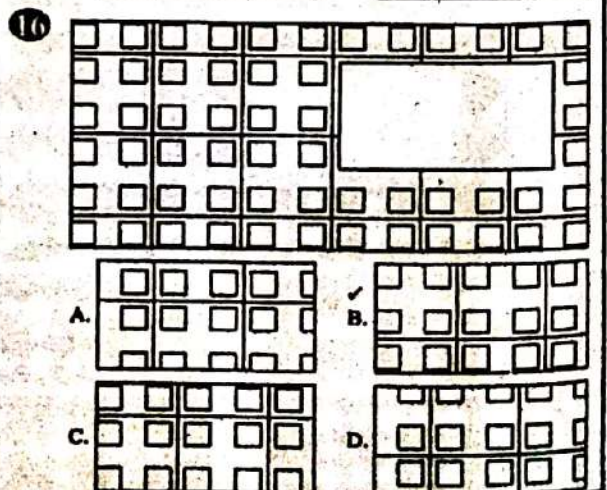

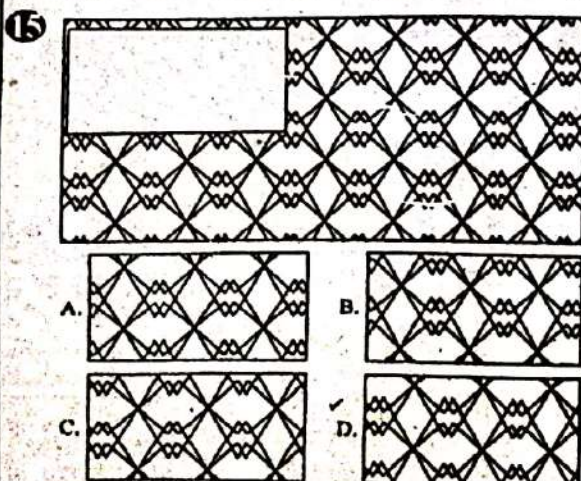

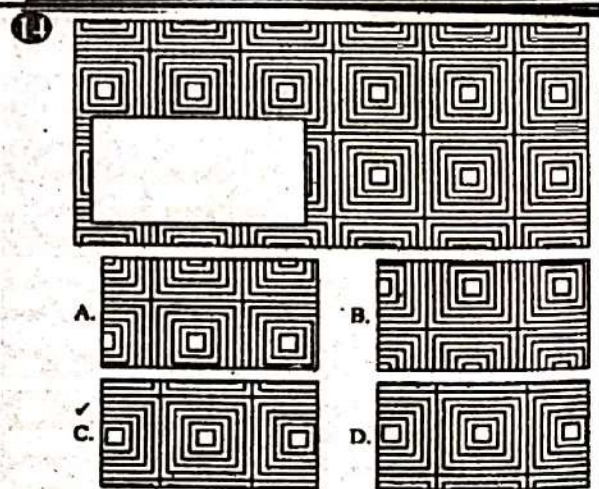

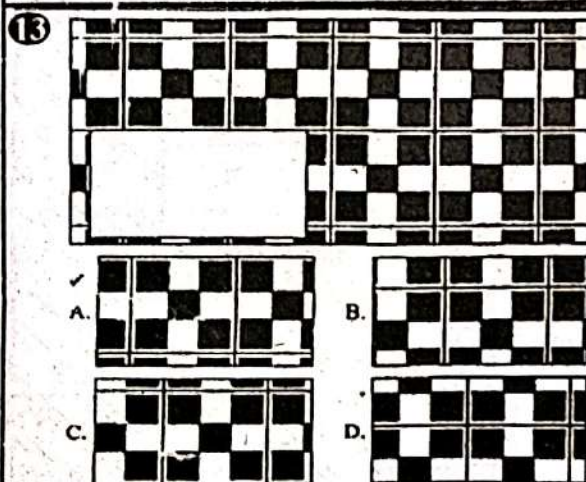

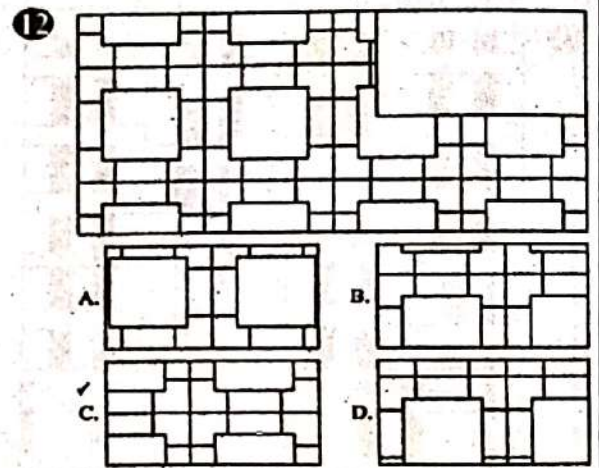

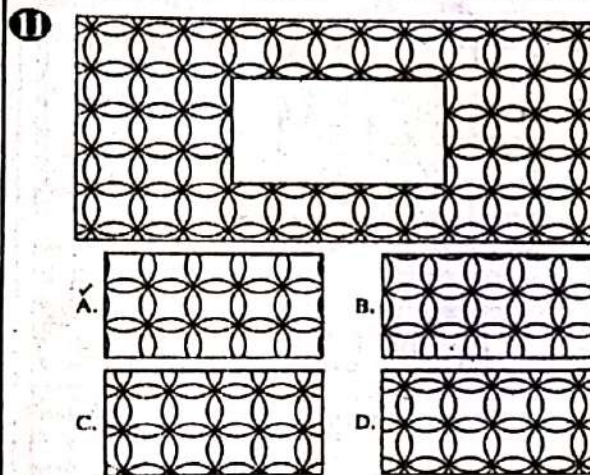

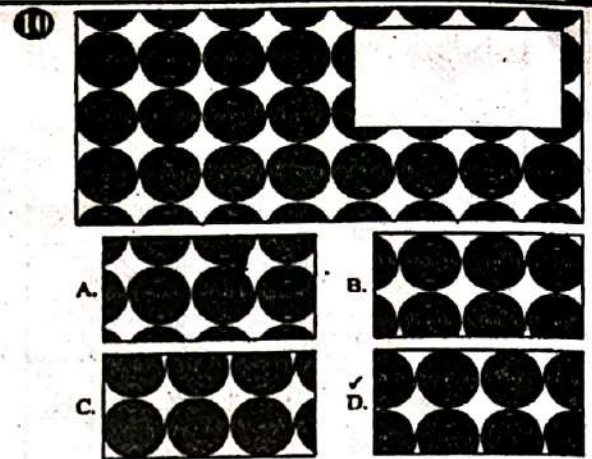

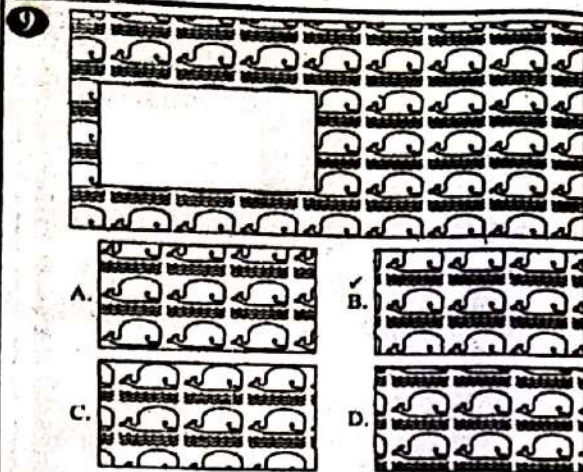

If you study this pattern carefully and place the four options given below in the missing portion of the problem pattern, you will find that when you place the option 'C' in the missing portion, it completes the picture or pattern. So the answer in the given example is option 'C'.

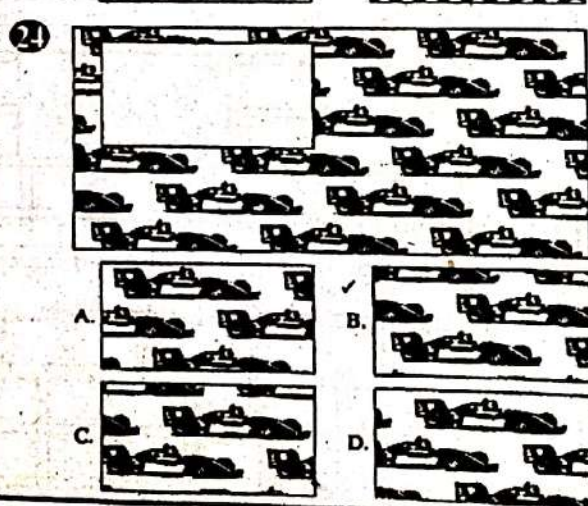

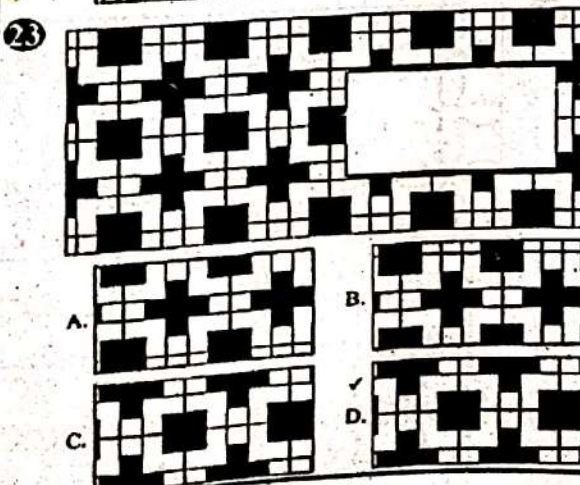

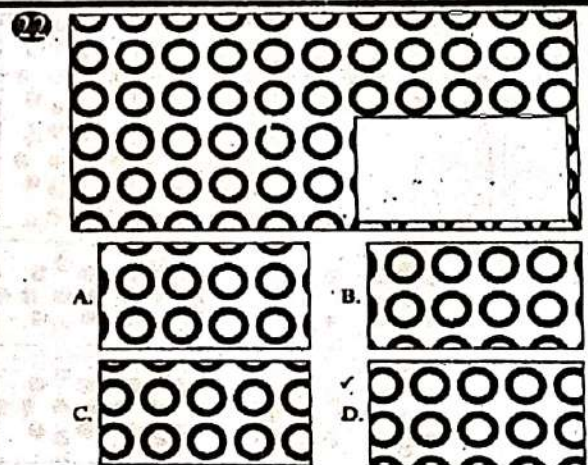

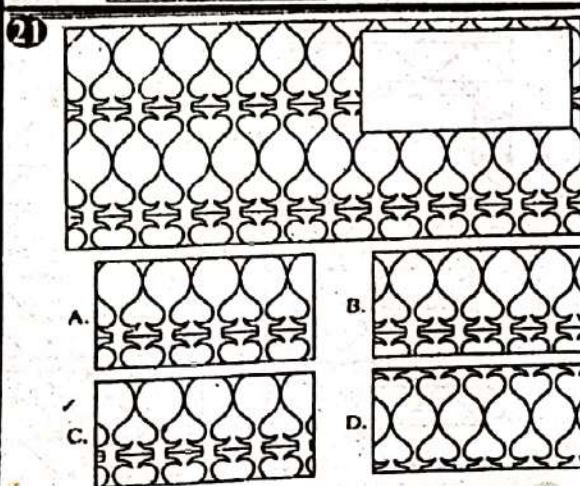

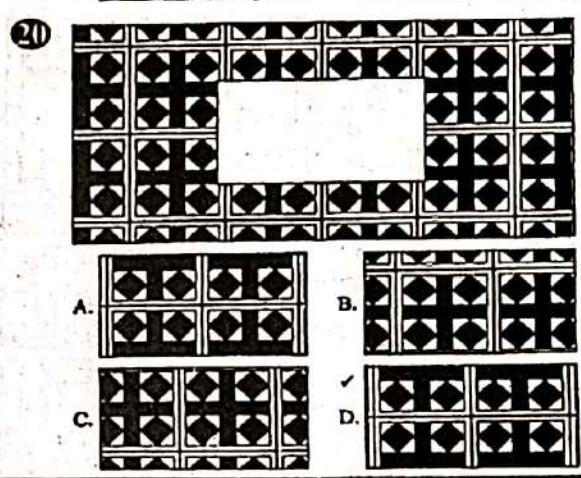

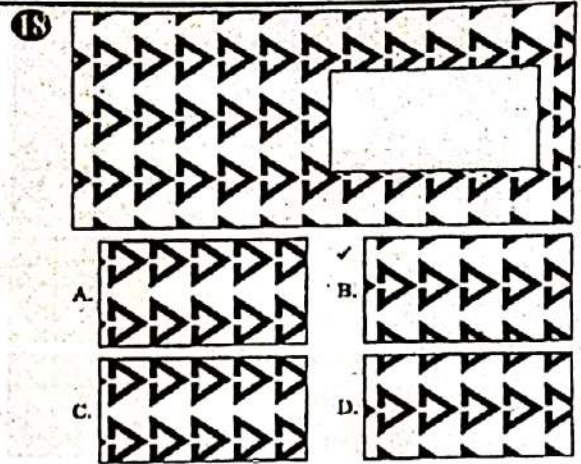

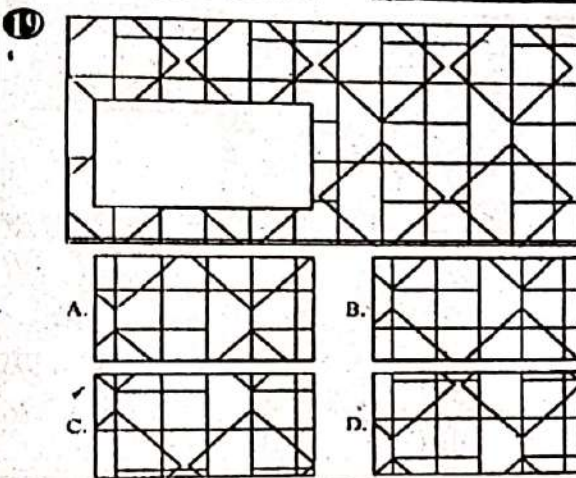

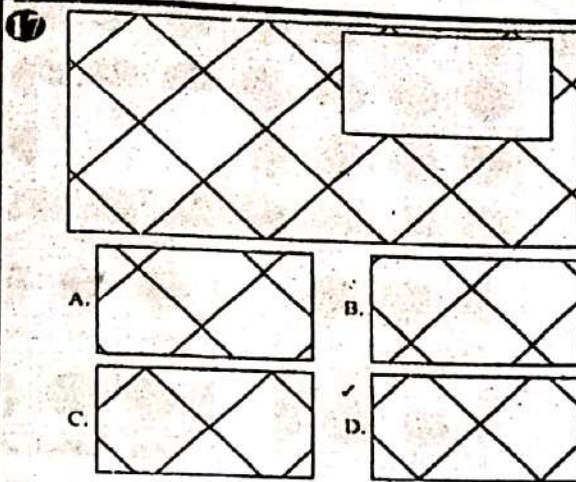

EXAMPLE NO.2

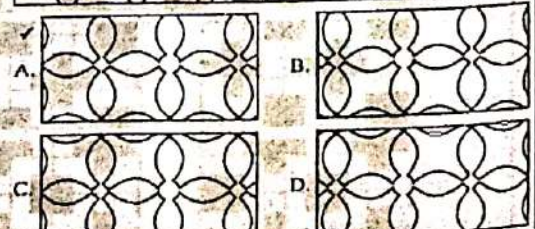

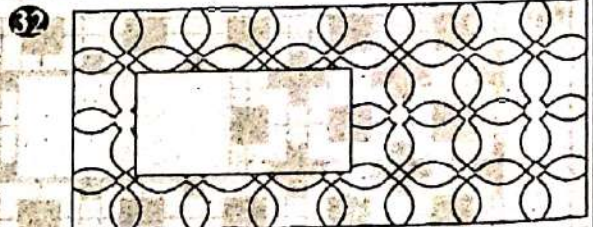

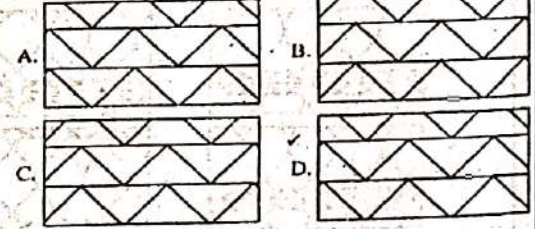

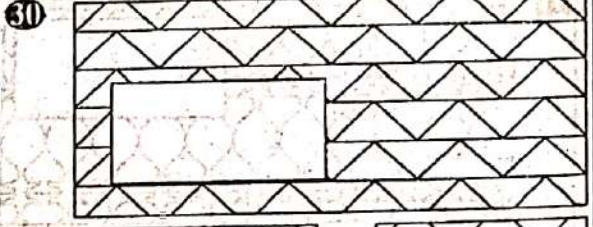

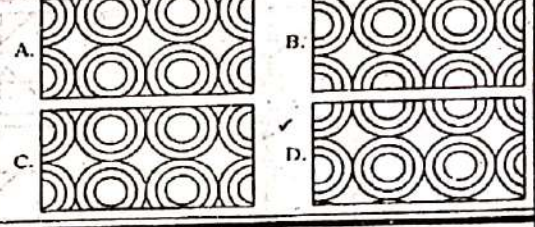

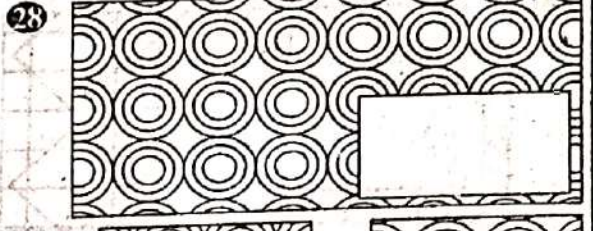

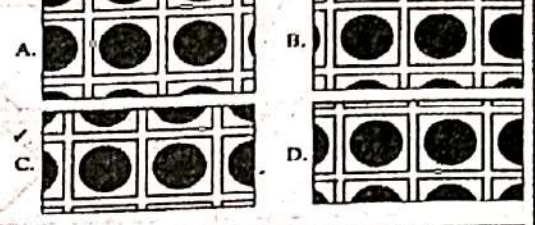

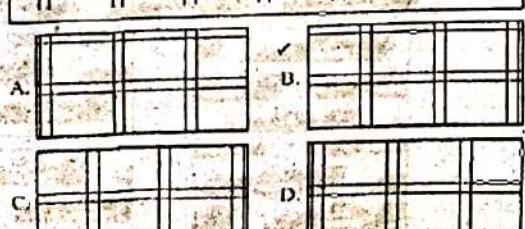

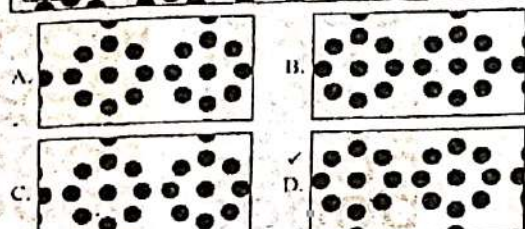

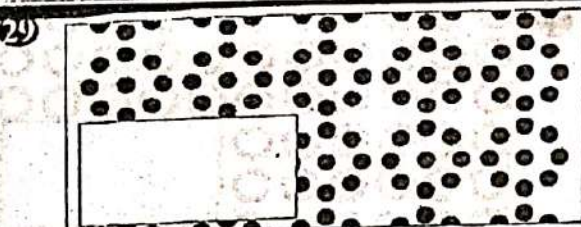

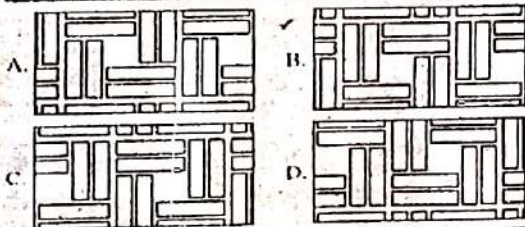

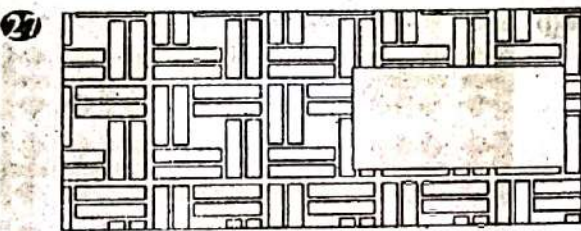

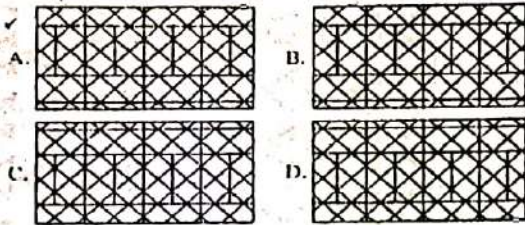

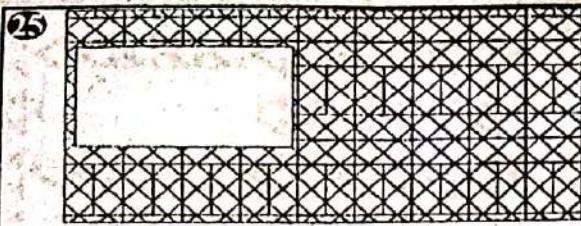

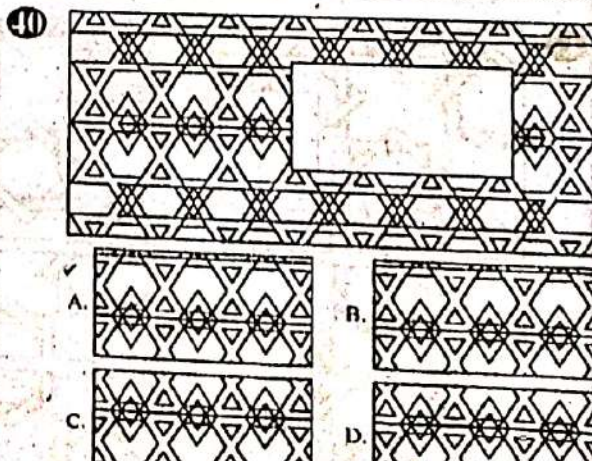

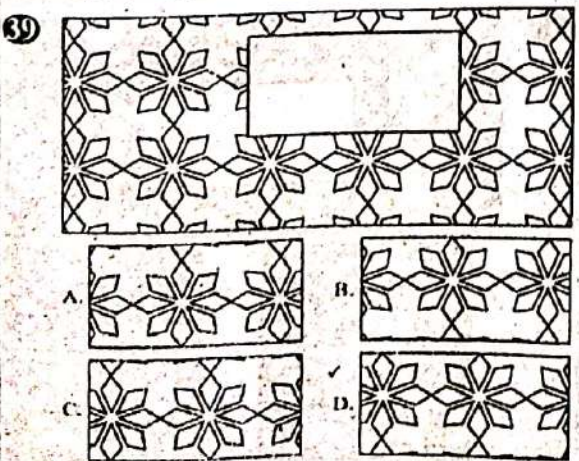

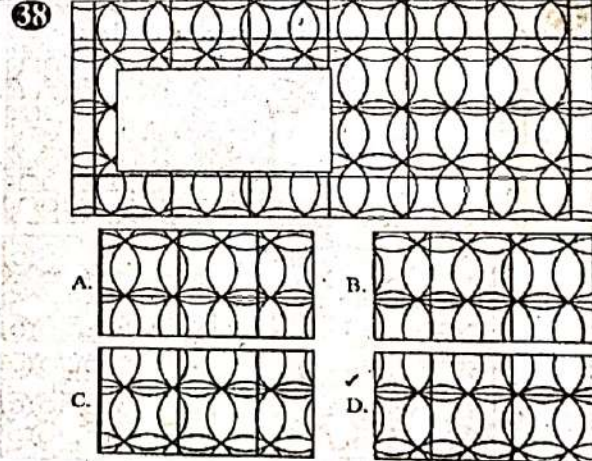

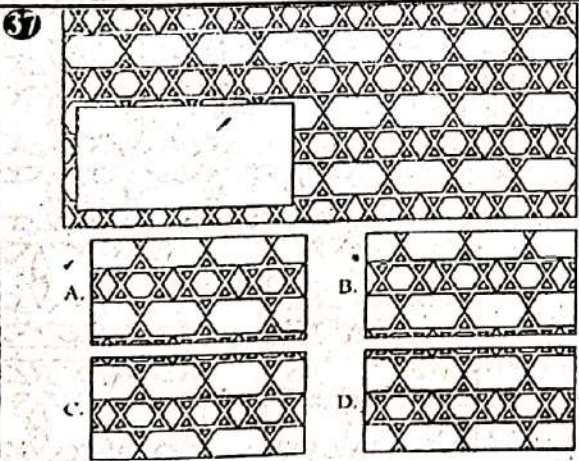

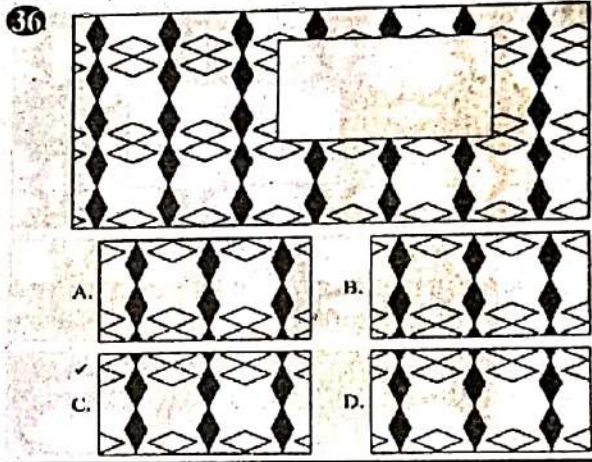

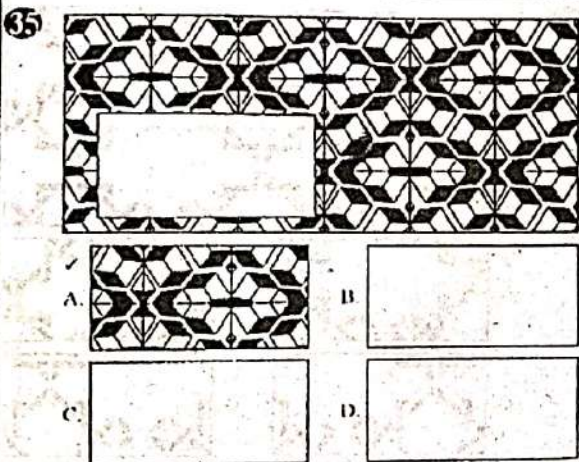

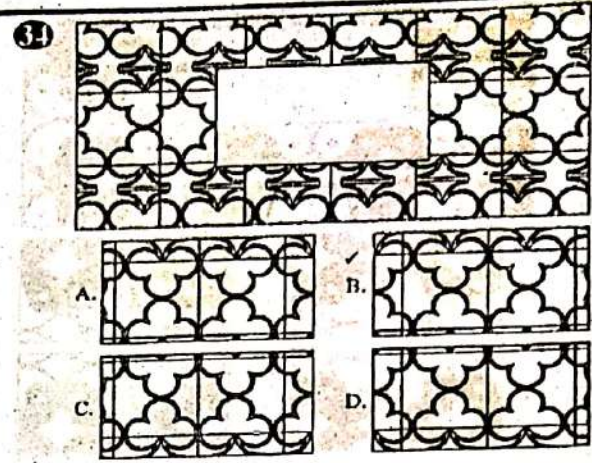

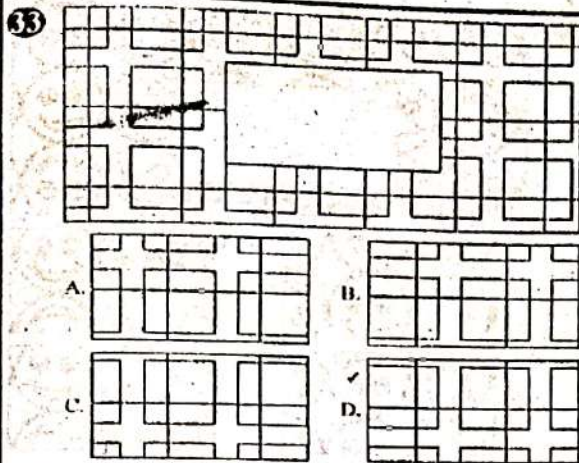

In this example, if you place the four options given below in the missing portion one by one, you will find that option 'A' completes the pattern. So the answer is option 'A'.
